# COURSE DETAILS

## Beginners Level :

Age Limit : 5.5 to 12 Yrs

**Fee : Rs. 3000/-**

4th to 15th June Mon to Fri. Timings 3 to 4:00 PM

Objectives : Development of the thinking process in the Children. Apart from teaching Chess themes our main emphasise remain on the development of the children's thinking process, temperament building, brain stimulation, Logical thinking etc. Our course contains a basic level of understanding in different parts of the game ( e.g Opening, Middle Game and Endgame).

**Eligibility :** Anyone who likes the game and love to play and learn.

## Advanced Level:

Age Limit : 7 to 15 Yrs

**Fee : Rs. 4800/-**

4th to 19th June, Mon to Fri. Timing 4 to 5:15 PM

Objective : To build a strong foundation of the Children

**Eligibility :** Must have participated in any Chess Tournament with more than 1/3rd score/ participating in tournaments regularly. Or having Fide Rating.

## Chess Trainer: Naveen Bansal (Fide Instructor)

1. Children will be taught the highly professional thematic approach to the Opening, Middle Game and End Game.
2. They will be taught to play the whole game thematically. They will start understanding the idea behind every move when they understand many themes.
3. All important Middle Game tactics (e.g Fork, Skewer, Pin, Discovery Attack etc.) will be explained with the complete definition and then will be taught the techniques to find out these puzzles in any given position.
4. Calculation secrets with organised thinking pattern (Children able to save lot of times to find out the best moves when they start thinking in a organised manner).
5. There are 3 stages in the game of Chess (Opening, Middle Game and Endgame). So there are three kinds of brain's approach is required to handle all these stages. Children will be taught the different pattern of thinking of the brain in all these stages of the game.
6. After the course they will be able to handle opening without remembering any opening moves. They able to play the opening moves based on the opening themes. They know what their targets are in the middle game and how to achieve them. The endgame brain is entirely different from opening and middle game; they will be taught how to use the Endgame Brain.
